Thank you Doug. All of the dates proposed are good with MWD. We look forward to continued progress on this issue.

Stan Carey, Superintendent  
Massapequa Water District

Hi

Please find attached a summary of the key discussion points from our December 16 meeting. EPA appreciates your participation in the meeting and those to come. We considered the meeting to be very productive and a good kickoff to future coordination. If you see anything in the summary that does not appear to be accurate let me know and I can modify the summary.

With respect to upcoming quarterly meetings we had proposed to meet in again in March. It looks as though March 24<sup>th</sup> 10 am or later would work for EPA and NYSDEC. I plan on sending an Outlook meeting invite out at the end of the day. Please let me know if you cannot attend a meeting on March 24<sup>th</sup>. If March 24<sup>th</sup> does not turn out to be a good date for a meeting, March 5<sup>th</sup> and March 13<sup>th</sup> may be possible alternate dates, but it is likely we would need to look into April.

Thank you

Doug
